

COHORT INTERNATIONAL

COMPREHENSIVE
SOLUTIONS FOR
A COMPLEX WORLD

CORPORATE HISTORY

With headquarters in Washington, DC and offices in Europe and the Middle East, we empower our Clients with the ability to conduct safe and effective business in both challenging and permissive environments, manage risk and respond to change.

Cohort International was founded in 2005 by former members of the US Special Operations Community, US Military and the Department of State Diplomatic Security Service, with decades of operational experience in the United States, the Middle East, Africa and Asia. The Company distinguished itself in the United States and internationally, providing critical disaster relief services in the wake of Hurricanes Katrina, Rita and Ike, security audits and planning to several key government installations, and specialized training to US military and diplomatic personnel.

In 2010, the Company expanded its operations and presence in the MENA region and South Asia, establishing local offices and affiliates. Cohort International continues to combine decades of experience and expert local knowledge to provide Clients with a global strategy aimed at assessing vulnerabilities and devising innovative solutions in demanding environments.

OVERVIEW

Cohort International is an international service provider delivering security, training and logistics solutions to government and the private sector. We design, execute and manage stand-alone and integrated programs that empower our Clients to secure their people and assets, function efficiently and respond to emergencies in challenging environments, while reducing their exposure to global and local risks. We are committed to safeguarding our Clients' interest through intelligence, ingenuity and integrity.

PAST PERFORMANCE

Cohort International has a broad portfolio of projects and Clients. Below is a selection of case studies illustrating the Company's reach and our record of success. We are happy to provide additional past performance information upon request.

NOTABLE CLIENTS

US Department of Energy, US Department of Justice
CACI International, McNeil Technologies, CH2MHill,
Office of the US Federal Public Defender, Entergy
Corporation, ADAX Petroleum, Hyatt Hotels and Resorts,
Kraft Foods, BP and the US Military.

SECURITY AND TACTICAL DEPLOYMENT

Cohort International was contracted by the U.S. Department of Energy to perform a security and tactical deployment audit and assessment of the Strategic Petroleum Reserve's protection strategy and security officers. Cohort was able to provide the DOE with critical advice and support over the course of the four-month contract.

SECURITY AND RISK ASSESSMENTS

Cohort International has worked with multiple corporate Clients to perform security and risk assessments, threat analysis and safety procedure evaluations around the world. In 2007, a Company approached Cohort International to review the Company's Security Response Procedures in their Gulf of Mexico Deepwater Production Platforms and evaluate what changes needed to be made. Cohort offered a review of operations and recommendations to improve the Company's SOPs and incident response plans.

DECADES OF EXPERIENCE

Building on our team's decades of experience and skill, Cohort has provided corporate and government Clients with a unique approach to security training. Training consists of travel security, office security, street crime avoidance, hostage avoidance and individual protective measures.

LOCATIONS

Cohort International, Inc. has offices across the globe in order to provide Clients with the highest quality of service. Our global strategy is one that combines experience in a variety of projects worldwide with decades of history in each of the areas where we work.
